

### NICHE REGULATIONS

1. Only one bronze memorial shall be allowed for each niche. The memorial shall be the same size, style, color, and manufacturer as all niches in the chosen structure and section.
2. All floral tributes to be placed in areas designated by cemetery. There are to be no flowers or miscellaneous items placed or taped on the granite or bronze.
3. Only one (1) decedent may be inurned in each single niche; and, no more than two (2) decedents may be inurned in each tandem or companion niche.
4. The measurements below refer to the niche itself. To ensure a proper fit, all urns must be approved before the day of the service. Keep in mind: the size of the first urn will affect space available for the second urn in a companion or tandem niche and the back corners of companion niches are often cut off due to construction of the columbarium\*.
